**Subject:** Microsoft Settlement

I do not feel the need to reiterate the complaints again Microsoft which I am sure you have read or heard thousands of times by now.

I want to voice my opinion against Microsoft's proposed settlement.

The following web page references several arguments against the settlement. I have read several and agree with an alarming majority of the arguments. I encourage you to read them; they provide excellent coverage of the many opinions against the settlement.

<http://www.kegel.com/remedy/>

I urge you not to approve the settlement.

Sincerely,  
Jake Robb
